Case pack	[6] pouches · [12] counter boxes		
UPC	[GS1 codes]		
Shelf life	[from stability test]		
Allergens	Contains: Milk (whey)		

Why it sells

- [x]g real fruit per scoop, printed on the front. We haven't found another protein that prints the number.
- 20g whey protein isolate per serving (planned). Mixes with cold water, drinks like juice.
- Monk fruit and/or stevia. No sucralose, no artificial colors or flavors.
- Every lot tested for heavy metals. A QR code on the pack opens the results.

Sell-through support. In-store tastings in the first two weeks, local posts that tag your store, shelf talker and counter display. [First counter box sold or returned within 30 days.]

Documents on request: certificate of analysis for the current lot, product liability insurance certificate, W-9.
